May 17, 1906.

Supt. L. E. Eggertsen,

Provo, Utah.

My dear Sir:-

I shall very much appreciate it if you will kindly send me, as soon as convenient, the names of the graduates from the eighth grade of the public schools of your county; also the names of the graduates from any of the high schools.

The College is just closing one of the most prosperous years in its history. The Mechanic Arts buildings have been rebuilt and equipped, and the work throughout all departments of the institution, on the part of both students and faculty, has been earnest, thorough, and enthusiastic, indicating plainly that there is a growing appreciation among the people of the State of the value of technical and industrial training in the different lines of Agriculture, Domestic Science and Arts, Engineering and Mechanic Arts, and Commerce--the distinctive fields of the Agricultural College of Utah.

Our catalogue for 1906-1907 will be received from the press early in June, when a copy will be sent you.

Thanking you in advance for the favor of the names asked for above, I am,

Very truly yours,

W. J. KERR, President.

By

(Copy to all Superintendents in Utah)
